Ello everyone! Thanks for viewing this! I will be posting my art here -It's mostly digital-. And you can request! 🐾

- Tiny Panda

SpottedLeaf

I never liked her but.... she's purdy. So, here you go!

[image]

Favourite Leaders

This are my favourite leaders! If you can't see the print on it, it's (From left to right) TallStar, CrookedStar, MistyStar, (Bottom) RaggedStar, OneStar, SunStar

[image]

The shading really bad sorry! >_<

Remember! You can still request!

BloodClan

This is Scourge, Bone sand Brick. It's not that good, but... I don't know. Also, this is one of my first digital drawings! ;3

Please request!

Cover Art

This is the art of the cover, but without the title. :3

[image]

Writing a fanfic? Tell me in the comments, and I'll be sure to take a look!

Fallen leaves and Holly leaf

Ello! Thanks for checking out my book. :D . And also, I'm so proud. I got 11 Whole. Views. In the first hour this came out! Thank you. So. Much. -Insert squealing noise-

[image]

Holly and Fallen, sadly no ship name. Unless you go with Hollyleaves or Fallen leaf. Sadness.

OC time!

So. I have some Oc cats. It's a love tri. So. Yeah. Here's two pics. The first one is of SpottedSong -She cat- and BlazeWing -Tom-.

[image]

The next one is of SpottedSong and IceTalon. IceTalon's the other tom in this tri, and he's and evil boi. Yesh. What have I done.

[image]

In this scene she's telling him that she likes Blaze more, and he gets mad. So. Yeah.

Fireheart and Princess

Remember that scene, where Princess gives Fireheart CloudKit? Yeah. And sorry for spoilers, for anyone who hadn't read it yet.

[image]

So, more to come soon, and please request!

More Spottedleaf...

It's Spottedleaf again! I still don't know why I keep drawing her. This is a Starclan version, tho.

[image]

Oc's!

More oc's! This is Ashpaw, a sassy but shy apprentice -Silver one-. The white and yellow one is Sunpaw, a flirty, funny and obnoxious tom. Ashpaw soon has a crush on him, and this is them training together, or their *supposed* to be training.

[image]

Also, sorry for not updating for a while, I've been super busy with school and other books -warriors cats x readers and Fly away, of ya wanna check'm out.

Kitties!

I'm almost done Tigerheart's shadow, and was inspired to do this. It's Shadowkit, (left to right here) Pouncekit, and Lightkit. I feel like Shadow needs to be a med cat, with Spire as his mentor. XD I don't know why. Spire is da best tho (after Jaybae.) Okie. That's enough ranting.

[image]

Ta da! Please request!

Even more oc's!

Sorry for all the oc's. I'm not sure what to do with warriors from the books. (Any scenes, cats or couples/ships? Request!) Heh. Okie. This is Ashpaw (again) and her bestie, Fawnpaw, and their play fighting together. At night, because they rebelled against their mentors when it was bedtime. XD

[image]

Group photo!

Oc's y'all! These are my favourite oc's of mine, and they all share a clan, WhisperClan. Ashfeather (Ashpaw from dem before parts) , Sunwing (Sunpaw from Oc's) and Flickerfire (orange tom) are all new warriors. Owlleap (tawny tom), Rosemoon (reddish she cat) and Wolfrunner (grey tom) are all warriors who have befriended the young cats.

[image]

I'm thinking of writing a fanfic for them, going through each of their perspectives. Whatcha think? Yes? No?

Kitties

Okie. So. Sorry about not updating in a while, i've been busy with school, sports and other books. But I am BACK! -Plays You'll be back-

[image]

Here we have Snowkit x Mosskit ship! Da cutest ship on the face of the earth. I think they'd be so cute and tiny in Starclan, running around and playing!

Which ship? Cinderpelt x little cloud or Tawnypelt x Feathertail? Comment!

Have a great day!

Spire

I just finished Tigerheart's shadow...

IF YOU HAVE NOT, PLEASE SKIP THIS CHAPTER UNLESS YOU WANT SPOILERS. Just a heads up.

And MY SPIRE BABY IS GONE. In my personal opinion, Spire was a very well developed character, and could have influenced and helped the books forward in future books. Anyway, here's a tribute for him. Sorry, I did it in like, 10 mins and it's really bad.... heh.

[image]

Who's your guys' favourite rouge/loner/kitty pet? Mine is Spire, obviously.

Twist and Dart

Hiya! I'm so sorry about not updating, I've been busy with school and other books! Anyway, Twist and Dart and my friend's OC's (not warrior cats but oof) If you wanna check out the story, her username is inkwell13, and the book's Alone.

[image]

There they are! Please check out her book, she's a crazy talented writer. Also, this isn't one of my best drawings but meh.....

Wolfrunner

[image]

Wolfrunner is an oc of mine, he's a gruff, battle-hungry, but loyal and brave.

Briarfeather

Yes. You read that right. So, if you don't know, I love Jayfeather. He's my bai. Ok, so I ship Brairfeather (Jayfeather x Briarlight) so hard. I drew this, and yea.

[image]

A/N

Hi guys, I've decided that all my art is now just going to be in my art book, so I'll complete his book, please check out my other art book, and warrior cats stuff will be there! Thanks for all the support.
